

We've moved!

Axis Bank Support is now officially at www.axis.bank.in/support, ensuring secure banking with an RBI-compliant domain.

What you need to do:

- Update your bookmarks for a seamless experience
- Transactional emails will now come from “**alerts@axis.bank.in**” instead of alerts@axisbank.com
- Add “**alerts@axis.bank.in**” to your primary inbox or safe sender list to avoid missing important updates
- For Corporate and Wholesale Banking partners: To ensure smooth email delivery and avoid failures or bounce backs, whitelist the new sender ID “**alerts@axis.bank.in**”

Why this change?

This migration enhances security and aligns with the RBI guidelines for safer digital banking.
